BAD! BAD!! BAD!!!

Bad blood comes from bad digestion—bad stomach, bad liver, bad kidneys—attended with bad, foul breath, coated tongue, bad taste, bad headaches, bad appetite and kindred symptoms. Bad as these are, and serious as are the diseases to which they lead, Dr. Pierce's Golden Medical Discovery comes to the relief and cure of all these by regulating and invigorating STOMACH, LIVER, BOWELS and KIDNEYS, and putting all these organs in good order.

"Golden Medical Discovery" contains no alcohol, opium or other harmful drugs; neither does it contain sugar or syrup, which are injurious to some stomachs. Without any of these it retains its pleasant taste and marvelous healing qualities in the most trying climates. Don't let a selfish medicine seller cheat you out of your health by giving you a substitute. He's only looking out for a larger profit, not for your good. Shun him. Honest, unsoldierly dealers recommend the "Golden Medical Discovery."

"That your remedies are not for the few, but for the many is evident, for I personally know of many scores of persons in this city who have been restored to health and happiness by your medicine," thus writes Henry Landsberg, Esq., Alderman in 17th Ward, Buffalo, N. Y., of 138 Jefferson street. "I know that Dr. Pierce's Golden Medical Discovery is most valuable in cases of derangement of the liver, having taken the medicine some two years ago when I had a bad attack of liver trouble, and I never used a medicine before that did me so much good. I have known Dr. Pierce for twenty-six years and do not wonder at his success, for he is a physician and man of sterling qualities, is possessed of extraordinary skill, and he has in his sanitarium a corps of specialists who are chosen because of their unusual knowledge and professional skill."

If suffering from any obstinate, lingering ailment, write to Dr. Pierce and get, free of charge, sound medical advice. He has the counsel and assistance of a large staff of expert specialists.

The People's Common Sense Medical Adviser, by R. V. Pierce, M. D., Chief Consultant, Physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Paper-bound FREE on receipt of 31 one-cent stamps for mailing only; or cloth-bound for 31 cents. Address the Author, as above.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It. Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 31c in stamps for sample to The Herpicide Co., Detroit, Mich.

CAUSES OF HEART DISEASE.

"Bad whisky, rheumatism, mental strain and high living are among the leading causes of heart disease," said Dr. Henry P. Loomis, of New York, when his attention was called to the report of the Mutual Life Insurance Company, which heads the death list with 510 cases of organic heart disease out of a total of 5,397 deaths, and puts Bright's disease fourth in the list.

"It is easier, however, to admit a tremendous increase in the number of deaths from heart disease than to point out any reason for the increase.

"Many cases of heart disease are directly traceable to mental strain and high living, the heart being indirectly affected through other organs.

"In nine cases out of ten—well, no, that's putting it too strongly, perhaps; I would say rather that the majority of the cases of heart disease which come under my notice are due to rheumatism in many forms.

"It is true, of course, that one may have heart disease and yet not be afflicted with rheumatism, and vice versa. Speaking generally, I would say that in the case of the rich, I believe that rich food and lack of proper exercise, excessive drinking and a persistent mental strain are the main causes for heart disease.

"The strenuous life plus mental anxiety is in the days almost irrevocably associated with these upper classes. I don't think, though, that there is any increase in drinking among the rich; in fact, I believe just the reverse; and the rich man has this in his favor—he at least can drink good liquor when he drinks at all.

"With the poorest classes it is different. The great army of mechanics, drivers and laborers who work out of doors are more or less a prey to heart disease, not only because of prolonged exposure, which fosters ills which in turn weaken the heart, but because of the drinking habit, which is often acquired in consequence of this exposure.

"I have known men who thought they must take from 10 to 15 drinks of whisky a day to minimize the bad effect of exposure and who could hardly be persuaded to the contrary. Now, even if the whisky they drank was of good quality, the result would be bad, very bad; but when a man continues, day after day, as many as one does to pour down his throat the most adulterated stuff in the market, his finish is not far off. His heart is bound to give out.

"I am heartily in favor of Bishop Potter's saloon plan to this extent: Give the poor, as well as the rich, man pure liquor. If he must and will drink, let him have a brand of whisky that will do him the least harm."

"Worry, fret, hurry and rheumatism," is the way Dr. Darlington, of the health board, checked off the causes for heart disease.

"Don't run, and avoid rheumatism, are among the health recipes which ought to be first considered by the man or woman who wants his or her heart to keep on ticking normally for three-score and ten years or longer. It is safe to say that a person of temperate habits in eating and drinking, who takes six or eight hours' sleep out of the 24 and some exercise afoot in the open air every day, and who absolutely refuses to worry and fret over his business or anything else, will never die of heart disease."

Tried to Lynch Motorman.

A squad of extra police was summoned from a station in the Williamsburg section of Brooklyn yesterday to rescue a policeman and the motorman of a surface car from an angry mob of 2,000 persons who were trying to punish the motorman for the death of a little boy. The child, Frederick von Gilder, aged four years ran in front of the car as it was passing through Park Avenue, and was struck and instantly killed. Several women in the street and car fainting when they witnessed the accident. Hardly had the motorman, James McCauley, left the platform of his car when several men seized him with cries of "Lynch him," threw him down, and jumped on him. The conductor took refuge in his car and locked both doors. McCauley struggled back to the car and reached a switch iron with which he knocked down several of his assailants. A policeman came to his rescue, but the mob attacked him, too, and the two men fought side by side, the policeman using his club and McCauley the switch iron. Word was sent to a nearby police station for help and when the police arrived they had to beat their way through the crowd to reach the two men. The body of the boy was then removed from under the car. When his mother, Mrs. Robert von Gilder saw the body, she fainted as she started down stairs, and fell headlong suffering injuries from which it was feared she might not recover.

Inflammatory Rheumatism Cured.

William Shaffer, a brakeman of Denison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says. "Finally I sent to McCauley's drug store for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam." For sale by Gibson & Timmerman and W. F. Creighton & Co.

GIVE NATURE A CHANCE

BY USING

NEWBRO'S HERPICIDE

It destroys the tiny vegetable growth in the sebaceous glands of the scalp, after which the hair will grow as nature intended. Don't wait until it is too late, for chronic baldness is incurable.

The microbe of dandruff and baldness makes the hair dull, brittle and lustreless. It fills the hair with dandruff and causes itching of the scalp. Later, it chokes the very life out of the hair and causes it to fall. Save it with NEWBRO'S HERPICIDE. Extraordinary results follow its use.

Read These Three Letters.

After typhoid fever my physician recommended Herpicide for my hair, which was falling. I used it a number of months and my hair is longer now than ever before, measuring more than five feet in length.

(Signed) MARIE A. MCINTYRE. St. Paul, Minn.

(Signed) CLARENCE HAMILTON. Atlanta, Ga., Police Dept.
